Dear Parent/Guardian:

In compliance with the New Jersey Department of Health/Division of Communicable Disease, Mandate of School Immunization (Chapter 14 of N.J. State Sanitary Code NJAC 8:57-4.1 to 8:57 – 4.18) a child entering Kindergarten is required to have received the following vaccinations:

- DPT (Diphtheria – Pertussis – Tetanus)
5 doses or a minimum of 4 doses provided that one dose is given on or after 4th birthday
- OPV (Oral Polio or Inactivated Polio Vaccine)
IPV 4 doses or a minimum of 3 doses provided that one dose is given on or after 4th birthday
- MMR (Measles – Mumps – Rubella)
2 doses – one dose given on or after the child's 1st birthday. Second dose given at the child's 4th birthday or prior to entrance to Kindergarten
- HIB (Haemophilis B)
3 doses – when enrolled in pre-school or child care center
- HEP-B (Hepatitis B)
3 doses – the 1st dose of this series must be started as soon as possible; the 2nd dose is due one month after the first, the third dose is due 6 months after the 1st dose is received.
- VARICELLA (Chicken Pox)
1 dose – Any child born on or after January 1, 1998 is required to have one dose of the Varicella vaccine prior to the entry of school.

A complete physical examination by a licensed physician dated after September 6, 2017 is also required. If you have any further questions pertaining to the immunization or physical requirements, you may contact Mrs. Forenback at 973-823-7000 ext. 8220.

Sincerely,

Denece Forenback, BSN, RN, CSN
School Nurse
