12-18 VACCINATIONS

The Sussex County Department of Health continues to partner with Atlantic Health to facilitate vaccination of Sussex County 12-18 year old students. If you are interested in vaccinating your 12-18 year old child, please do the following:

1. Student must register on Atlantic Health website: atlanticealth.org
2. Send your child's name, date of birth, phone contact, name of school, email address to mryder@htps.org

That information will be forwarded to the county to prioritize them for vaccination. This is for the Pfizer vaccine.

CLARIFICATION REGARDING THE GOVERNOR'S "OPENING UP" OF NEW JERSEY:

- NJ residents are allowed to go maskless outside now. However, this does not apply to schools, public or private. After-school activities held outdoors and graduation ceremonies held outdoors are exempt though, meaning those activities may be done without masks.
- NJ lifted its travel quarantine rules to other states. However, the NJDOH states that we should still follow the CDC guidelines, which state that fully vaccinated people or people who have had the disease within the last 3 months do not need to quarantine, BUT, non-vaccinated people must still quarantine for 10 days. The exact wording can be [found here](#).
