Using technology to access virtual school during quarantine

The following documents and videos have been created to help parents, caregivers, and students navigate virtual learning if a student is required to quarantine.

Please refer to these documents if your child is required to quarantine and has to learn virtually during that quarantine period.

Chrome books are not being sent home with students this year. If you need to borrow a device or a hot spot during a quarantine period, please contact your school's main office to arrange.

If you have any questions or need assistance with logging in or anything technology related, please contact Mrs. Scognamiglio at 973-823-7000 ext. 1180 or tscognamiglio@https.org.

Google Guidebook for Families and Students

Go through the entire slideshow to learn about some frequently used Google Apps OR click on the binder tabs to navigate to specific apps.

Google Classroom Student Guide

Contains brief video demonstrations and reminders of simple tasks students are asked by their teachers to complete in Google Classroom.

How to Access your Google Classroom and Meet links

This video tutorial shows how to log into the school chromebook and how to access Google Classrooms and Meet links.
