## Who do I contact when I have a concern?

Concerns should first be brought to the attention of school staff (secretary, teacher, guidance counselor), then to the appropriate administrator(s), and finally to the Superintendent if you are unable to resolve the concern with the other staff.

The Board of Education only becomes involved in individual concerns if all efforts to resolve an issue with school staff and district administrators have been unsuccessful. Board involvement generally entails asking the Superintendent to report on the status of the concern, or to follow up.

**Communication with the person you have the concern with generally solves the problem quicker.**

## **EMERGENCY CLOSINGS/DELAYED OPENINGS**

In the event of inclement weather or other emergencies, school may be closed, have a delayed opening or early closing. When such a decision is made, a parent notification message will be sent to each family. Please be sure to inform the main office of either school for any changes to your contact information. Closings for inclement weather are also posted on our website at [www.https.org](http://www.https.org) or at [www.sussexcountyweather.net](http://www.sussexcountyweather.net).

## **ATTENDANCE**

State statutes mandate regular school attendance. A day in session shall consist of not less than four hours, exclusive of recess and lunch periods, except that one continuous session of two and one-half hours may be considered a full day in Kindergarten. ***To be considered a full day of instructional time, middle school students must be in attendance from 7:55 AM to 12:35 PM; elementary students from 8:40 AM to 1:15 PM.*** Upon his/her return to school, the student must report to the Homeroom Teacher with a written excuse as to the reason for his/her absence. This excuse must be signed by a parent or legal guardian and received within five (5) days of the absence. ***Email notification will not be accepted.*** Students who are absent for more than three consecutive days should report to the nurse's office upon return to school.

Parents are asked to call the school nurse on the day of the absence (973-823-7000 x8220 at the Elementary School) or (973-823-7000 x1010 at the Middle School) and leave a message on our absentee reporting answering system any time before 10:00 AM. Parents must notify the office in writing of any extended leaves of absence. ***Email notification will not be accepted.***

**CHRONIC ABSENTEEISM:** A student's absentee rate shall be determined by subtracting the student's total number of days present from the student's days in membership and dividing the result by the student's days in membership. If a student's absentee rate is equal to or greater than ten percent, the student shall be identified as chronically absent and may be subject to possible retention.

**DISMISSAL DURING THE SCHOOL DAY** - All students are expected to remain in school for the entire school day. If a student must leave the building, he/she must be signed out from the main office by a parent or legal guardian. The school must also receive advanced written parental notification of such instances. Students are responsible for school assignments missed.

Appointments for doctors, dentists, etc., should be scheduled before or after school so that the learning process is not interrupted. **Please schedule accordingly.**

**TARDINESS** - Persistent lateness is a violation of state attendance laws, and parents are encouraged to see that their children attend school at the proper time. Any student arriving after the appointed time for the starting of classes is considered tardy and will be marked as such. Tardy students must report to the office with a signed excuse.

All work missed by the absent student must be made up. If a student is absent for two or more days, parents may request homework by accessing teacher voice mail to request assignments. Please do not request homework when reporting an absence to the school nurse. Homework will be ready for pick-up by parents at **3:30 PM at the Elementary School** or **3:00 at the Middle School** on the **second day of absence**.

For complete Board Policy 5200- ATTENDANCE and Regulation 5200R, visit our website at [www.https.org](http://www.https.org).

## **BEDSIDE INSTRUCTION**

Any child who is unable to attend school due to extended illness may be eligible for bedside instruction. If this service is required, please contact the school and procedures will be discussed. (Policy 2412)

## **CARE OF SCHOOL PROPERTY**

All computers, calculators, textbooks and library books should be handled with care. If any school property is damaged, lost or stolen, the student is expected to pay for the damage before the end of the school year. Books may be inspected periodically as well as when they are returned at the end of the year. Book covers are required for all textbooks.

Students are encouraged to take proper care of school property. Any student who willfully cuts, defaces, or otherwise damages **any** property belonging to the school district is liable to suspension or expulsion, and the parent or guardian shall be liable for all damages so caused by the pupil. The parent or guardian of a pupil shall be liable to the school district for all property belonging to the school district loaned to the pupil and not returned upon demand. The parents/guardians are also responsible to see that their children take proper care of all school property. In the event that these debts are not paid, report cards will be withheld and promotion will be postponed until these obligations are met. (Policy 5513 / R5513)

## **OPERATION AND MAINTENANCE OF A PLANT**

**Board Policy # 7422:** School Integrated Pest Management Plan (IPM) on school property is a long-term approach to maintaining healthy landscapes & facilities that minimizes risks to people and the environment. Hardyston School District will use site assessment, monitoring, and pest prevention in combination with a variety of pest management tactics to keep pests within acceptable limits. Instead of routine chemical applications, cultural, mechanical, physical, and biological controls will be employed with selective use of pesticides when needed. Educational strategies are used to enhance pest prevention and to build support for the IPM program.

Indoor Air Quality Program (IAQ) has been developed by the District to promote good indoor air quality for staff and students in both buildings. This program follows the requirements established by the PEOSH IAQ Standard as it applies to our District.

Mr. David Lenz is the District's New Jersey Compliance Designee, in addition to our Asbestos Plan Manager.

Asbestos Management Plan is located in the business office. Our program coordinator is David Lenz at 973-823-7000, Ext. 5000.

### **PHYSICAL EDUCATION**

New Jersey Administrative Code 18A:35-5 requires a physical education course of all fit pupils in grades 1 through 8. Every student will participate in physical education courses unless specifically excluded for medical reasons as determined and verified by a physician.

Students in grades 6, 7, and 8 change for physical education classes as per N.J.A.C. 6A:7(d) and Title IX, Education Amendment of 1972.

### **ASSESSMENT / TESTING**

The Hardyston Township School District complies with the laws and regulations of the State Board of Education in the assessment of pupil achievement and needs in order to determine the progress of pupils and to assist pupils toward attaining the goals of the District.

The Hardyston Township School District believes that the cooperation of school and home is a vital ingredient to the growth and education of the whole child. It recognizes its responsibility to keep parents informed of student welfare and progress in school. Student progress is reported to parents through report cards four times a year. Interim reports are sent home as necessary. Parents are urged to contact teachers whenever they have concerns about their child's educational performance.

Students are encouraged to wear apparel which is appropriate to the function of the institution and the maintenance of reasonable standards of cleanliness and decency. While an all-inclusive list of inappropriate attire is not warranted, the following specific restrictions should serve as examples of clothing deemed as **improper for school use**:

## **SCHOOL SOCIAL RULES AT DANCES AND ATHLETIC EVENTS**

1. Students attending school sponsored activities will not be allowed to leave the building or the school grounds.

3. Students who wish to participate in any activity are to be in school by 11:00 AM of that day. This applies to any practice, social event or to a game. Exceptions for just cause (religious holiday, legal matters) must be cleared through the coach who will then inform the Administration of the situation.
4. All individuals will be confined to specific activity areas. Kitchen, stage, classrooms, lockers and locker room are **off limits**.
5. The parents of any student causing a disturbance will be contacted to **pick up their child immediately**.
6. Running around, yelling and booing are unacceptable behavior.

Students disobeying these rules will be disciplined and will not be allowed to attend any other social events.

## **FIELD TRIPS**

Field trips offer a first-hand educational experience not available to the classroom. They usually take place during school hours and always under the supervision of a teacher. Written parental consent is necessary for a child to be able to participate. All scheduled school field trips are funded by our parents and guardians. This cost will include admission, chaperones, and transportation.

## **PUPIL USE OF CELLULAR TELEPHONES AND OTHER ELECTRONIC DEVICES**

Students are prohibited from using cellular telephones and other electronic devices inside the school building during the instructional day. All such devices must be turned off and out of sight while the pupil is in the school building during the instructional day. The instructional day includes, but is not limited to, lunch breaks, class changes, study halls, and any other structured or non-structured instructional activity that occurs during the normal school day. Cellular telephones may be used on school buses *as long as it does not cause a distraction to the driver or other students*.

Cellular telephones and other electronic devices that are turned on or are visible during the instructional day are in violation of this policy and will be confiscated by the building principal, and the pupil will be subject to appropriate disciplinary action.

Visit [www.https.org](http://www.https.org) to review complete Board policies relating to some of the key items listed in this handbook.

### **ENTERING THE BUILDING**

Enter either the Elementary School or the Middle School building only by the main door. All doors are kept locked. Ring front door buzzer and report to main office. Students may not be dropped off prior to 7:40 AM at the Middle School or 8:40 AM at the Elementary School. Before and after care is available through the YMCA for the elementary school only. Contact the YMCA for more details.

### **KINDERGARTEN REGISTRATION FOR 2025/2026**

The Hardyston Township School District will hold registration during the 2024/2025 school year. Dates will be advertised accordingly. In order to register for Kindergarten, students must be five years old on or before October 1<sup>st</sup> and must have the necessary immunization as required by the New Jersey State Law. If parents are not sure the child is properly immunized, they may call the School Nurse. Parents are requested to bring with them all immunization records and also the child's original birth certificate. (Though records need not be complete at the time of registration, they must be complete before the opening day of school).

### **TRANSFERS AND STUDENT RECORDS**

If you plan to transfer your child to another school district, please notify the main office several days before your leaving date. A release paper must be signed at the new school in order to forward all records. The legal guardian of a child has the right to review his/her child's records. If you would like to schedule such a review, please call the main office of your child's school.

### **HOMEWORK**

Homework is designed to develop knowledge and skills, to build more effective study habits, to develop independence in study, to practice fundamental skills and to carry on primary research. Appropriate supplemental instruction is provided to students based on analysis of test results and information provided by the teacher. Individual teacher websites, classroom websites, etc. are accessible via links on the school website.

### **VACATION/MAKE UP**

Attendance at school is considered to be an important component for both the academic and social success of our students. It is expected that arrangements for extended vacations be made in conjunction with the school calendar which allows ample time for family outings. We recognize, however, that on rare occasions this may not be possible and we ask parents to be aware of the following constraints concerning make-up assignments. **Vacation is an unexcused absence.**

1. Parents should provide the office with a note explaining reasons for absence and the length of time involved at least three days prior to the absence.
2. Upon reporting back to school, it is the student's responsibility to obtain all work missed. The student will then have two days for the first day missed and then one day for each day afterward to hand in all missed assignments.
3. After all make-up work is handed in to the teacher's satisfaction, the student's teacher will then schedule make-up tests within a reasonable time frame.

4. Any work not made up that extends beyond the marking period will be treated as an incomplete. The grade will then be reflected on the report card for the following marking period.
5. Any work not made up within the proper time period will become a zero and factored into the marking period grade accordingly.

### **ACADEMIC STANDARDS: NEW JERSEY STUDENT LEARNING STANDARDS**

**Standards:** The standards identified in each content area are to be mastered by students at the completion of the academic year. These expectations represent the minimum district standards. Additional standards may be established through the curriculum development process.

**Student achievement:** Student achievement will be evaluated and communicated through the district grading process, report cards, NJSLA for students in grades three through eight and the NJSLA-S for students in grades 5 and 8. Parents are encouraged to check the Parent Portal on a regular basis.

**Students who fail to achieve the minimum academic standards:** These students will be remediated through our intervention programs and may be placed in courses more appropriate to their abilities.

### **LOCKERS**

Lockers are the property of the school and as such, the school reserves the right to open, inspect or restrict the use of lockers at any time. Lockers are provided for the storage of books and clothing. The student is responsible for school materials placed in a locker.

### **LUNCHES**

A balanced diet is prepared daily under the "State of New Jersey Child Nutrition Program Guidelines" and is available at a nominal fee. A menu will be sent home regularly for the use of the students and parents and is available on our website. The cost of a complete lunch is \$3.60, which includes milk. Reduced lunch is \$.40; milk is \$.75. A student who may not have money will be required to sign in at the cafeteria where temporary credit will be given. As outlined in Board Policy 8550, Unpaid Meal Charges/Outstanding Food Service Charges, payment must be made within 10 school days. You may pay with a check payable to Hardyston Board of Education or pay with credit/debit card online at [www.payschoolscentral.com](http://www.payschoolscentral.com). Any outstanding debts should be paid back to the cafeteria the next day. You may monitor your child's account through the parent portal. A federally funded lunch program is available to students whose parents qualify. Applications are available at the beginning of each school year and distributed to newly enrolled students. Forms can be requested throughout the school year if income changes and are available on our website. Please contact the Cafeteria Office of either school at: ES – Rachel Van Dyk at x8212 or MS – Amaya Corti at x4050, if you have any questions.

## STUDENT PERFORMANCE ELIGIBILITY PROCEDURE FOR STUDENT ACTIVITIES

### I. INTRODUCTION

Although an important and integral part of our educational offerings, extra-curricular activities should never take priority or circumvent the prime goal of our school system which is to provide a sound academic direction for our student body.

Extra-curricular activities include: Yearbook, Student Council, Clubs, Adventure Theater, Cross Country, Soccer, Field Hockey, Girls Basketball, Boys Basketball, Cheerleading, Boys Track, Girls Track and Gymnastics. Year-long performance activities are: Band, Chorus, County Chorus, County Band, Select Chorus.

Participation in school activities is a privilege and will be extended only to those who demonstrate positive qualities of sportsmanship, attitude, cooperation and academic achievement.

### II. PRINCIPLES

The following principles will apply to the student eligibility procedure:

- A. Students who participate in extra-curricular activities are directly responsible and under the control of their coach/advisor and subject to final review by the Administration.
- B. A student who wishes to participate in extra-curricular activities must have a "65" average (passing) in all subjects.  
Students who fall below the required average (65) in any of the four reporting subjects at the middle of the marking period posting will be immediately placed on a participatory probation. The probation period will allow the student to participate, but it is the student's responsibility to work with their teacher to bring his/her grade to the required average above. If at the end of the marking period the student has failed to bring up his/her grade(s) to the requirement above, he/she may be removed from all extra-curricular activities for the upcoming marking period.
- C. Students participating in a year-long performance activity who have any grades below a 65 in any subject at the end of the marking period will continue to participate but may not participate in any activity that occurs in the subjects they are failing. They may return to the activity or regular chorus and band if they have a grade of 65 or above in all subjects at the start of the following marking period.
- D. Classified students will be governed by their Individualized Education Plan (IEP) or 504 Plan.
- E. Students who wish to participate in extra-curricular activities are to be in attendance in school for the day.
- F. Any student suspended from school (out-of-school or in-school) will not be permitted to participate in extra-curricular activities for that day.
- G. Students must be in compliance with the district's attendance policy.

### III. REQUIREMENTS FOR PARTICIPATION

- A. Students must present a properly signed school form from parent or guardian granting approval and permission for participation in such interscholastic activities, including the Parent/Guardian Concussion Policy Acknowledgement Form.

## **HARDYSTON BOARD OF EDUCATION POLICY 5512 HARASSMENT, INTIMIDATION, AND BULLYING**

The Hardyston Board of Education prohibits acts of harassment, intimidation, and bullying.

A safe and civil environment in school is necessary for students to learn and to achieve high academic standards; harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment; and since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating each other with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

"Harassment, intimidation, and bullying" means any gesture or written, verbal or physical act or any electronic communication that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory handicap, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function or on a school bus as either a random act or on a repetitive, ongoing and persistent basis, and that:

- a) is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or,
- b) by any other distinguishing characteristic; and
- c) members of the community should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to his person or damage to his property; or
- d) has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.

"Electronic communication" means a communication that is transmitted by means of an electronic device, including, but not limited to a telephone, cellular phone, computer, or pager, that takes place on school property, at any school-sponsored function or on a school bus.

The Hardyston Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with proper regards for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The Hardyston Board of Education believes that standards for student behavior must be set cooperatively through interaction among students, parents/guardians, staff, and community members, producing an atmosphere that encourages students to grow in self-discipline. The

development of this atmosphere requires respect for self and others, as well as for district and community members.

The Hardyston Board of Education believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities to help students learn to assume and to accept responsibility for their behavior and the consequence of their behavior. Staff members who interact with students shall apply best practices and proactive programs to prevent discipline problems and encourage students' abilities to grow in self-discipline.

Based on broad community involvement (i.e. the use of a process that includes representation of parents/guardians and other community representatives, school employees, volunteers, students and administrators for the purpose of providing input regarding the development and content of the policy that is based on accepted core ethical values), the Hardyston Board of Education shall develop general guidelines for student conduct and shall direct development of detailed regulation suited to the age levels of the students and the mission and physical facilities of the individual schools. Board policy requires all students of the district to adhere to the rules and regulations established by the school district and to submit to such disciplinary measures as are appropriately assigned for infraction of these rules.

The Chief School Administrator shall provide annually to students and their parents/guardians the rules of the district regarding student conduct, and the policy shall appear in all publications of the school district's comprehensive rules, procedures and standards of conduct of the schools within the school district, including the student handbook and district calendar. Provisions shall be made for information to parents/guardians whose primary language is other than English. The standards of conduct are also posted on the district website: [www.hps.org](http://www.hps.org).

The policy describes:

- a) Student responsibilities, including the requirements of students to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority;
- b) Appropriate recognition of positive reinforcement of good conduct, self-discipline, good citizenship and academic success.
- c) Student rights; and
- d) Disciplinary sections and due process.

In determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying, administrators will consider the following factors: the developmental and maturity levels of the parties involved, the levels of harm, the surrounding circumstances, the nature of the behaviors, past incidences or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Concluding whether a particular action or incident constitutes a violation

or this policy requires a determination based on all of these factors that an appropriate consequence should be determined, consistent with the case law, Federal and State statutes, regulations and policies, and district policies and procedures. Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from positive behavior interventions up to and including suspension or expulsion.

At each school, the administration is responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the administration. All other community representatives, including students, parents, volunteers and visitors, are encouraged to report any act that may be a violation of this policy. While submission of the report form is not required, the reporting party is encouraged to use the report form available from the administration of each building or available at the school district office and website. Oral reports also shall be considered official reports.

Reports may be made anonymously, but formal disciplinary action may not be solely on the basis of an anonymous report.

The administration is responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the administrator shall conduct a prompt, thorough and complete investigation of the alleged incident. The administration will present a detailed narrative denoting the findings of the investigation to the Chief School Administrator.

Some acts of harassment, intimidation or bullying may be isolated incidents requiring that the administration respond appropriately to the individual committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response either at the classroom, school building or school district level or by a law enforcement official. The Chief School Administrator will make this decision based on the investigation.

Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation or bullying range from positive behavioral interventions up to detention, alternate education setting, suspension, or expulsion, as permitted under NJSA 18A:37-1, Discipline of Pupils.

The administration will consider the nature and circumstances of the act, the level of harm, the nature of the behavior, past incidences or past or continuing patterns of behavior and the context in which the alleged incidences occurred. Institutional responses can range from school and community surveys, to mailing, to focus groups, to adoption of research based bullying prevention program models, to training for certificated and non-certificated staff, to participation in presentation for fully addressing the actions and the school's response to the actions, in the context of the acceptable student behavior and the consequences of such actions and to involvement of law enforcement officers, including school resource officers.

The Hardyston School District prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administration after consideration of the nature and circumstances of the act, in accordance with case law, federal and state statutes and regulations and district policies and procedures. Consequences and appropriate remedial action for a student found to have falsely accused another as a means of harassment, intimidation or bullying range from positive behavioral interventions up to and including suspension or expulsion, as permitted under NJSA 18A:37-1, Discipline of Pupils. Consequences and appropriate remedial action for all school employees found to have falsely accused another as a means of harassment, intimidation or bullying shall be disciplined in accordance with district policies, procedures and agreements. Consequences and appropriate remedial action for a visitor or volunteer, found to have falsely accused another as a means of harassment, intimidation or bullying shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcements officials.

This policy shall be disseminated annually to all school staff, students and parents, along with a statement explaining that it applies to all acts of harassment, intimidation or bullying that occur on school property, at school-sponsored functions or on a school bus. The Chief School Administrator shall develop an annual process for discussing the school district policy on harassment, intimidation or bullying.

The Hardyston Board of Education is committed to providing training and in-service to all staff and volunteer members.

Pursuant to NJSA: 37-17(5)(c), information regarding the district's policy against harassment, intimidation or bullying shall be incorporated into a school's employee training program.

Pursuant to NJSA: 37-17(5)(c), the district and its schools are encouraged to establish bullying prevention programs, and other initiative involving school staff, students, administrators, volunteers, parents, law enforcement and community members.

Pursuant to NJSA: 37-17(5)(b), the school district is encouraged to, and if funds are appropriated for these purposes are required to:

- 1) provide training on the school district's harassment, intimidation or bullying policies to school employees and volunteers who have significant contact with students on a yearly basis
- 2) develop a process for discussing the school district's harassment, intimidation or bullying policies with students.

## HARDYSTON SCHOOL DISTRICT BUS SAFETY GUIDELINES
